### **BESTCOAST OUTFITTERS**

BestCoast Outfitters is excited to announce our series of multi-day sea kayaking adventures for the 2026 season, with **exclusive discounted pricing for SISKA members!**

**SISKA Member Group Discounts** (applied to the total booking):

- 5% off for 2 or fewer paddlers
- 10% off for 3–4 paddlers
- 15% off for 5 paddlers
- 20% off for 6 paddlers

Designed for paddlers of all skill levels, these trips offer a supportive group experience led by knowledgeable guides who prioritize safety, learning, and exploration. For added convenience, all required equipment—from kayaks to safety gear—can be rented directly through us, ensuring you have everything you need for a comfortable and memorable journey. Participants will have the chance to immerse themselves in stunning coastal landscapes, encounter incredible wildlife in their natural habitat, and enjoy the camaraderie of a welcoming paddling community. Whether you’re new to sea kayaking or an experienced adventurer, our trips provide an inspiring way to discover the best of the coast — together.

**Note:** Self-supported trip options are also available on any of our routes. You can join one of our excellent guides for the on-water portion while providing your own equipment, food, and camping gear. This allows experienced paddlers to enjoy professional guidance and

the group experience at a reduced rate, with the guide focusing solely on navigation, safety, and route expertise during paddling days.

The following multi-day trips will be offered by BestCoast Outfitters in 2026:

**Johnstone Strait Trip – August 9 -14**

Embark on an unforgettable 5-day fully guided sea kayaking adventure through the legendary Johnstone Strait at the peak of summer, when resident orca pods are most active and consistent. Paddle the sheltered, nutrient-rich waters of this world-renowned whale-watching corridor, camp on wild beaches beneath old-growth rainforest, and experience breathtaking encounters with wildlife and the chance to see humpbacks, seals, eagles, and Pacific white-sided dolphins. This is a paddling experience that will bring you face-to-face with the raw beauty of Vancouver Island's coastline and the wild expanse of the Broughton Archipelago.

**Broken Group Islands – July 5 - 9**

Set out on a captivating 5-day fully guided sea kayaking expedition into the pristine Broken Group Islands in Barkley Sound. Set in early July, you will glide through turquoise lagoons, weave between more than 100 emerald islands and sheltered bays, and camp on white-shell beaches – framed by ancient cedar and arbutus forests. Possibility to encounter sea otters, sea lions, black bears foraging along the shore, and a dazzling array of intertidal life in one of Canada's most beloved marine archipelagos.

**Deer Group Islands Trip – June 10-13**

Launch into a 4-day, fully guided sea kayaking journey through the remote Deer Group Islands. In early June, the Pacific coast comes alive — the ocean is stirring with activity and our forests are shifting into spring growth. Paddle along exposed outer shores and quiet inner channels, camp on secluded sandy coves, and experience the raw character of the west coast. Expect possible gray-whale sightings as they migrate, bald eagles soaring overhead, and sea lions crowding rocky islets as long summer evenings settle in.

**Custom Trips:**

If any of the dates or locations don't fit your needs, BestCoast Outfitters also offers customizable multi-day trips around Vancouver Island. Whether you have specific dates in mind or want to explore a particular stretch of coastline, we'll work with you to build a trip that fits your vision. We handle all the details—including premium gear rentals and equipment. With experienced, certified guides leading the way, you'll enjoy a safe, memorable paddling experience tailored just for you.

We can't wait to adventure with you!
